## Are You Ready for Something Big?

A Message from Thomas J. Gryp, President/CEO

After years of planning, the most important day for Notre Dame FCU in the last 20 years just took place. On April 1, your credit union underwent a "core conversion." What does that mean? Well, think of it as a heart/lung transplant for a credit union. Yes, it **is** that significant!

On April 1, the entire "look and feel" of our Internet site, bill payment module, and our mobile applications changed. The changes make it easy for you to do far more with your finances. The new system we implemented now integrates multiple systems, translating to a much smoother and intuitively-appealing online experience.

With any change, however, comes the normal uncertainty and apprehension. Don't let it get the best of you. I invite you to explore the new screens, take the virtual tours, and personalize your online banking experience. You will be amazed with the new financial power at your disposal. Plus, you may now experience our new Remote Deposit Capture (RDC) technology (available in the app store) and ND MoneyWorks (powered by Money Desktop).

As always, our Shamrock Center is available to help with any questions or concerns, Call us today at 800-522-6611 or e-mail [ndfcu@NotreDameFCU.com](mailto:ndfcu@NotreDameFCU.com). Talk to one of our service agents; they have been trained to walk you through the process of setting up all of the new features and to answer any questions you may have.

Once you get comfortable with your new "surroundings", I guarantee you will LOVE it!!
